Re: Boxer/Manager Contracts Verification

With the beginning of the fiscal year and the implementation of a new information technology computer database, the California State Athletic Commission will be conducting an audit on all current Boxer/Manager contracts. **To ensure accuracy and that our information is consistent with the documents that you have**, please provide a copy of the contract to the Athletic Commission by August 1, 2010 for review.

Thanks for your assistance.

Sincerely,

A handwritten signature in black ink, appearing to read 'George Dodd'.

George Dodd
Executive Officer
